

Where I used to live K-LOVE was the ONLY FM Christian music radio station in the entire area. Myself and many of my friends ONLY listen to Christian radio. It is a safe family station that we could listen to at all times without having to worry about young ears hearing something they should not. K-LOVE is our community bond, please do not let these LPFM take priority over KLOVE's current broadcasting. Everyday someone discovers KLOVE and it changes their life. It is the calming, peaceful station I want on in my car when I am stuck in nasty traffic. Don't take away our only "good" station.
